1869 FORTY-FOURTH YEAR 1912

The Geo. A. Sweet Nursery Company

DANSVILLE, LIV. CO., N. Y.

NURSERIES ESTABLISHED 1869

PRICE LIST FOR 1912

As to our standing in the Nursery Business and as to our reliability and responsibility, we beg to offer the following references:

R. G. DUN & CO., Commercial Agency.
BRADSTREET'S Commercial Agency.
JACKSON HEALTH RESORT, Dansville, N. Y.
CITIZEN'S BANK at Dansville, N. Y.

PLEASE READ CAREFULLY

OUR STOCK offered herein has been well grown, is perfectly healthy and strictly first-class in every particular. It will be carefully dug, graded and packed in best manner.

OUR PRICES may not be as low as some others, but is it wise to make price the first and only consideration? Ask any successful planter and he will tell you "No." The quality of the stock you intend to buy and the reputation of the firm you intend to buy from, should be considered as well as the price. In fact you should exercise as much care in the selection of a Nursery Firm as you would in the selection of an Insurance Company. Our reputation of nearly half a century will bear the closest inspection and we invite the same. Our trees are of first quality and we will sell them to you at a fair profit over the cost of production.

CAUTION. But whether you buy of us or not, be sure to buy of some good reliable firm. Don't place an order with some snide concern, that buys up a lot of culls and manufactures from them every known variety, just as long as his labels last. Such a purchase will be sure to result in sorrow and disappointment, and you will blame yourself when it is too late. When you are offered a bushel of wheat for 25 cents, or a gold brick at the price of old iron, look out! There is something wrong somewhere.

ADVICE TO CORRESPONDENTS

TERMS, CONDITIONS, ETC.

1. Orders should be sent in early as we enter them for shipment in the order received. When sent early, before the rush begins, they are more sure of prompt attention and there is less danger of varieties being exhausted. Order now. Do not wait until you are ready to plant. Your order will not be shipped until the proper time or until you wish it.

2. In ordering please use our order sheet and write your name, address and shipping directions plainly, so as to avoid delays and mistakes. When it is left with us to choose mode of conveyance, we will exercise our best judgment, but in all cases our responsibility ends on delivery of stock in good condition to the Freight or Express office here.

3. Packing. We make no charges for packing or boxes, or for delivery on board cars here, excepting on freight orders of less than $5.00, for which a charge of 50 cents will be made to help cover cost of box.

4. Terms: Cash with order. Remit by Post Office or Express Money Order, Bank Draft or Registered Letter. Checks on local banks should have exchange added.

5. Guarantee of Genuineness. Everything sent out will be carefully labeled with its true name. Only experienced and careful help will be used in putting up orders. But with the utmost care errors may occur, and we sell our stock under a warranty that it is true to name and of quality represented, with the express understanding and agreement that should any not prove true to name, we will replace same without charge, or will refund money paid for such stock, but are not liable for damages other than above named.

6. Errors. Our customers are requested to notify us instantly of any error, so that we may at once make ample amends, as we desire to conduct our business in all respects satisfactorily to those who favor us with their confidence.

7. Freight Shipment. All stock excepting strawberry plants can be safely sent by freight. Our improved methods of packing insure arrival of stock in good condition.

8. Low Express Rates. The Express Companies now carry trees and plants to all parts of the country at a reduction of 20 per cent from regular merchandise rates.

9. Fumigation. When requested we fumigate all stock, although we have no San Jose Scale in our nurseries and never have had.

10. Substitution. Should we be out of any varieties ordered, we will substitute others of equal or greater value, unless otherwise instructed. If you do not wish this done, write plainly **"no substitution,"** and we will then fill the order so far as we can and return the balance of your money.

11. Application of Rates. At the prices quoted, customers may select 5 trees in two varieties, or 10 trees in four varieties at 10 rates, and 50 trees in ten varieties or 100 trees in twenty varieties at 100 rates. Long lists of one and two of a kind must be at single rates.

12. The Packing Season in Spring usually opens in March and continues well into May. In Fall from October 1st into December.

13. Our Shipping Facilities are unsurpassed, as we are on the main line of the Delaware, Lackawanna & Western R. R., and on the Dansville branch of the Erie R. R. We have United States and Wells Fargo Express Companies.

14. State Inspection. Our nurseries have been thoroughly inspected and found free from San Jose Scale and other injurious insects and diseases. A Certificate of Inspection will be attached to all shipments.

15. We guarantee all our stock to be up to size and grade specified, to be in good condition and carefully packed. This guarantee holds good only when prompt notification within three days of arrival of goods is sent to us, stating plainly any errors or cause for complaint. When no report is received by us within the time specified, it is understood that stock is satisfactory and accepted, and no claim for discount or replacing of stock that dies will be entertained.

Special Prices on XX or Bearing-Age Trees

For those wishing extra large sizes, we have a grade of 5 and 6 year old trees running from one to two inches in diameter, some of which have borne fruit in the Nursery rows. They would be apt to give quick results when transplanted and are much sought after by those who cannot wait for trees to grow. We have been making this grade a specialty for many years to meet the wants of our city trade. We have found that people owning small city lots were willing to pay extra prices for extra large trees, and it is necessary to charge higher prices because of the greater expense in digging, boxing and packing. This grade usually retails at from $1.00 to $2.00 per tree. Below will be found a list of the varieties we can furnish at the prices quoted. Always mention second and third choice in case first choice is sold. This is important as our supply is quite limited this season.

"Bargain Size" trees are just under our small size; straight, clean, thrifty, little trees with good roots. No order filled for less than 100 trees, 50 trees at 1 cent per tree extra, and not less than 5 trees of a variety can be ordered. **Bargain Size must not be included in Club Orders and is not entitled to discounts or premiums.**

DISCOUNTS

On all orders reaching us **before March 1st, 1912,** a discount of 10 per cent will be given when accompanied by remittance for full amount. The discounts allowed apply to all stock ordered at prices quoted, except "Bargain Size." Parties must mention the discounts on their order themselves; we cannot look after it. If not entered, discounts will not be allowed and we cannot be held responsible. So please be sure to figure your discount and deduct same before sending in your order.

CLUB ORDERS

Club Orders will be entitled to premiums as offered below.

On Club Orders amounting to $25.00 or more, club-raisers may select **all stock** at hundred rates, or the lowest prices quoted, even though some members of the club require but one or two of a kind. Premiums are sent to club-raisers as follows:

A $25.00 club gets 25 premium fruit trees. $100.00 club gets 100 premium fruit trees.

The selection of varieties for the premium trees must be left with us, but we will conform to the wishes of the club-raisers so far as we are able. Should the club-raiser be anxious for some special sorts, we will on submission of his list of wants, make a special quotation thereon. We have to make this reservation to provide against the exhaustion of varieties that may be in unusual short supply. As a rule we generally furnish premium trees in first-class medium size fruit trees. Extra catalogs and order sheets will be sent to anyone on application. Club orders are put up carefully so that the club-raiser will have no difficulty in distributing the stock. The premium trees are for the club-raiser only for securing orders, thereby gaining us new customers. All others will therefore see why, when order is all for one person, the premium trees cannot be added. If interested, write us at once for further particulars and easy terms.

The above offer applies to all stock except "Bargain Size."
